SAILING Academy

New courses start at 13/09

We are passionate about introducing people to sailing. The program has been specifically designed to keep children engaged with interesting activities where kids have fun whilst learning fundamental sailing skills and habits. All courses are delivered by Instructors who are qualified and accredited. The boats used are specifically designed to suit children and help them learn quickly & confidently (**Optimist 6-14y.o & Open Bic 14+y.o.**).

Before starting the sailing, NOTK gives them the opportunity of a sailing trial, without compromise, being this first class offered.

Program also provides the below:
